Traditional vs. Modern – Whitehead Designs is the perfect choice for any home

The style of furniture has almost come full circle, with the popularity of more traditional pieces surging again after the dominance of modern designs in recent years.

Whitehead Designs creates a range of beautiful, bespoke pieces, from classic and traditional styles like the iconic Chesterfield, to modern designs including the Jive range, ensuring you can find the perfect piece of upholstery for your room.

All Whitehead products are handcrafted from start to finish and take six to eight weeks to produce from receipt of fabric.
